FOR IMMEDIATE RELEASE:

FAYETTE VOTERS ARE ENCOURAGED TO CHECK BALLOTS PRIOR TO VOTING

The Fayette County Board of Elections continues to encourage all voters to take a few moments to review their ballots prior to casting votes!

To complete the review, sample ballots can be obtained by calling the Fayette County Elections Office at (770) 305-5408 or by simply asking the poll workers at the individual precincts.

Voters are requested to notify their poll workers if they notice any discrepancy or if they have any questions about the voting process in general.

It is important to note that once a ballot is cast there is no way for the vote to be retaken or corrected.

The Board of Elections and its staff is honored to work with the voters and citizens of Fayette County in the shared goal of achieving fair and accurate elections throughout the county and it welcomes any and all input or suggestions.
